

COLDSTREAM PRIMARY SCHOOL

CHILD SAFE

POLICY STANDARD #4

SCREENING, SUPERVISION AND OTHER HUMAN RESOURCE PRACTICES THAT REDUCE THE RISK OF CHILD ABUSE

Strong human resources practices promote child safe school environments and reduce the risk of child abuse. Child Safe Standard 4 requires schools to use policies and procedures for recruitment, supervision, training and managing performance that support a child safe school environment. This guide outlines what is required by schools for compliance with Ministerial Order 870.

Schools already have a number of recruitment and screening practices that reduce the risk of child abuse. This resource outlines these. New practices apply to all school employees.

In being compliant Coldstream Primary School:

- Ensures that position descriptions for all new positions advertised from 1 August 2016 include the standard 'Child Safe Environments' clause as provided in the 'Recruitment in Schools' Guide.
- Implement practices to ensure that the principal is satisfied an external applicant is suitable for child connected work prior to the person commencing employment.
- Ensure that current letters of offer available on HRWeb are used.
- Identifies the actions the school proposes to take, per Standard 1, to promote and embed the Child Safety Code of Conduct in accordance with Standard 3 and articulate the timeframe for this.
- Determines the timeframes for DET to oversee and review Standard 4 as part of the school's Action Plan [Standard 1] and School Child Safe Environments policy [Standard 2].

Background

On 26 November 2015, the Victorian Parliament passed the Child Wellbeing and Safety Amendment (Child Safe Standards) Bill 2015 to introduce seven child safe standards (the Standards) into law. The Standards apply to all organisations involved in child-related work in Victoria.

Ministerial Order No. 870 provides the framework for how schools are required to comply with the Standards. Overall responsibility for ensuring compliance rests with the Victorian Registration and Qualifications Authority (VRQA).

According to the Ministerial Order the following requirements regarding Standard 4 have put into place at Coldstream Primary School:

1. Each job or category of jobs for school staff that involves child connected work has a clear statement that sets out:
 - a) the job's requirements, duties and responsibilities regarding child safety; and

- b) the job occupant’s essential or relevant qualifications, experience and attributes in relation to child safety.
2. All applicants for jobs that involve child connected work for the school are informed about the school’s child safety practices (including the code of conduct).
3. In accordance with any applicable legal requirement or school policy, the school makes reasonable efforts to gather, verify and record the following information about a person whom it proposes to engage to perform child connected work:
 - a) Working with Children Check status, or similar check;
 - b) proof of personal identity, Police Check or VIT
4. The school may be flexible with the requirements in step (3) above if it has already made reasonable efforts to gather, verify and record the information set out in steps (3)(a) to (3)(d), above about a particular individual within the previous 12 months.
5. The school ensures that appropriate supervision or support arrangements are in place in relation to:
 - a) the induction of new school staff into the school’s policies, codes, practices, and procedures governing child safety and child connected work; and
 - b) monitoring and assessing a job occupant’s continuing suitability for child connected work.
6. The school implements practices that enable the DET to be satisfied that people engaged in child-connected work perform appropriately in relation to child safety.

To be “satisfied” is not necessary that the school governing authority make each decision about the selection and supervision of school staff engaged in child connected work. The school governing authority needs to be satisfied about the appropriateness of the school’s arrangements that would regulate or guide other people who make such decisions for, or on behalf of the school about child safety matters and child-connected work.
